

LAE curriculum (Learn Aspire Exceed)

The LAE curriculum is a great opportunity for students to take their learning a step further, to apply the skills they have learnt in the classroom and use them in a more practical way.

Name:

Tutor group:

LAE is a lesson designed for you to learn some fantastic new skills and develop your knowledge in areas that don't normally get taught in normal lessons.

From your LAE lessons you will learn a new language, master the skill of map reading, carry out Psychology experiments and many other wonderful achievements. There is no limit to what you can achieve if you put your mind to it!

It is a really exciting part of year 7 that will inspire you to want to take up other opportunities on offer at St Peters, such as the Young People's Award in year 7 and skills for the Duke of Edinburgh Award.

Your LAE teachers would like you to come up with four aspirations you hope to achieve by the end of each of their three week modules. Aspirations are goals that you set to challenge yourself. Ask yourself, 'What would you like to achieve in LAE by the end of each module'? This will help you create your aspirations. At the end of the three week module you will go back and reflect on what you have learnt and you might be able to add in some other aspirations that you didn't originally plan too!

Mr Moreno-Manzano: An introduction to Spanish language and culture.

I am proud of myself for achieving....	

I am proud of myself for achieving....	

Mr Goodman: Samba

I am proud of myself for achieving....	

Mrs Howells: Make some noise

I am proud of myself for achieving....
