

## RETURN TO TEACHING with THE CAMBRIDGE PARTNERSHIP

- If you are a qualified teacher but have had time out of the classroom - possibly a career break to bring up a family or even a different career - and you're ready to come back to teaching, we can help
- We have support available to build confidence and links with local schools, particularly if you're thinking of going back to teaching an English Baccalaureate (Ebacc) subject (English, maths, biology, chemistry, physics, computer science, history, geography, or a language)
- The Cambridge Partnership can provide a bespoke training course to reintroduce you to the profession, learn about new exam specifications, pedagogy and give you experience of observing and teaching in one of our many lead schools
- Depending on how recent your classroom experience we can offer a short course to prepare you for a job application or a more extensive programme to give you the benefit of the many curriculum changes and research methods available to the teaching profession.
- There are no fees for these courses
