Site Introduction

St Peter's School is situated one mile to the north of Huntingdon and serves the town and the surrounding villages of Broughton, Houghton and Wyton, Little and Great Stukeley Abbots Ripton, Hartford and Wyton on the Hill. Year seven is nine form entry with the new intake in September increasing numbers year on year. First choice numbers continue to increase. Due to the mainly local catchment area, the majority of students arrive on foot. The school has grown over the recent years with further expansion due in the near future. St Peter's School is situated on

Site Details

St Peter's Road in Huntingdon, where the main entrance is. The site, including playing fields, extends into a residential area behind. The great majority of students arrive at school by one of the two side entrances, away from the main road. Parking spaces are at a premium for staff and visitors. St Peter's School normally has a number of extra-curricular and intervention activities for students that encourage students to remain on site after the end of the school day.

Current	Footpath between school and Ambury road is quite narrow with overgrown hedge on one side from Spring Common and a high fence on the other to keep the school site secure. There is no lighting and the surface is quite poor.	24/04/2023	Pedestrian Access
Current	At the start of school, 8 am onwards, too many cars queuing in Sallowbush Road, at the junction with Costcutter and down Redwongs Way. A member of staff saw about 50 students using this route to walk to school. Cars were travelling slowly as there were so many of them and they were slowed by the volume of traffic and the traffic lights at the end of Redwongs Way. Drivers have been driving dangerously, beeping horns and overtaking as they are frustrated by the delay. The students have to chance to cross as there is no crossing at Costcutter. When the member of staff spoke to other students at the junction, they suggested that the traffic is always really busy at school time and it is hard to cross in this area..	02/11/2023	Local Roads

Senior Management Statement of Endorsement	<p>Listening to our students is imperative as we all want them to travel to and from school and within our community safely. St Peter's School has almost one and a half thousand students who have opinions about how we can all work together to provide a safer more appropriate environment. Not only do students highlight maintenance issues but also growing concerns which they experience as the number of students travelling to and from school increases as does the ever increasing number of vehicles on our roads. Our students have been excited that adults listen, value their views but also make changes as a result of their experiences. This is important for students who need to have confidence in the adults.</p>
